Pink Sands Resort

Pink Sands Resort: This summer, the resort begins a **grand refresh and expansion project** that it will unveil next year to celebrate its 65th anniversary, penning a new chapter in the books of Bahamas' luxury tourism. At press time, the project is slated to include freshly appointed interiors and newly constructed, modernized bathrooms in several of its 25 vibrant, pastel-hued ocean-view and garden-view cottages; new guest cottages equipped with private plunge pools; and the addition of private villas for purchase – all set on the resort's fabled 3-1/2-mile pink-sand Harbour Island beach.
