PINK SANDS, BAHAMAS

Pink Sands sets the standard for low-density luxury: Only 25 rooms sit on its 20 acres. Located on Harbour Island (at three-and-a-half by one-half miles long, it's one of the tiniest and most pristine resort isles in the world), the property is both a bird sanctuary and celebrity haven. Lazing on its peerless beaches is a big draw, but more active types will want to scuba dive or fish. Enjoy chef James Van Dyke's preparation of local seafood.

The image shows a digital interface for a Lexus Magazine media gallery. It features a large central photograph of a beach scene with a lounge chair, a beach bag, and a towel. The interface includes navigation arrows, a 'CLOSE' button, and a '4 of 14' indicator. A text block on the right provides details about Pink Sands, Bahamas, including its location and amenities. The Lexus logo and website information are visible at the top.
